

## Bridge No. 303: County Road 17 over Turkey Creek

Elkhart County Project Manager: Tom Rushlow

Design: Elkhart County Highway

Scope:

Information/Updates:

An erosion problem was identified along the south abutment of this bridge during the county-wide bridge inspection program performed every two years. The county will be having erosion protection installed along this abutment.

April 25, 2011      A permit application has been submitted to the Indiana Department of Natural Resources for the installation of riprap erosion protection along the south abutment.

October 5, 2011      The riprap erosion protection has been installed along the south abutment.
