

Bridge No. 297: County Road 46 over Dausman Ditch

Elkhart County Project Manager: Tom Rushlow

Design: Elkhart County Highway

Scope:

Information/Updates:

A problem with the existing asphalt surface on the bridge deck was identified during the county-wide bridge inspection program performed every two years. The existing asphalt will be replaced with a 6" thick concrete surface.

April 25, 2011

Plans and specifications are being prepared to replace the existing asphalt surface with concrete. This project will be bid out during the Spring of 2011 with construction occurring during the Summer of 2011.

October 5, 2011

This project has been delayed due to higher priority projects. It has been rescheduled for the summer of 2012. The load rating for the bridge was recently lowered to 13 tons.
